APRIL IS
NATIONAL
DONATE LIFE
MONTH

RegisterMe.org

April is National Donate Life Month. UTN understands the significance of organ donation. Unlike other programs, UTN accepts whole body donors who have already donated their organs. Each organ donor can save up to 8 lives! To learn more about National Donate Life Month and the importance of organ donation be sure to click below!

Common Myth: You can't be an Organ Donor and a Whole Body Donor.

One common myth about whole body donation is you can't be an organ donor and a whole body donation. Although that might be true for some programs it does not apply to UTN. Not only do we accept organ donors, we encourage anyone who can be an organ donor to be an organ donor.
