March Madness!

So many exciting things happen in the month of March! Basketball, the first day of Spring and St. Patrick's Day are just a few. At United Tissue Network, we also want to recognize March for being National Women's History Month, Social Worker's Month and Red Cross Month. March may be a busy month, but there is so much to celebrate!

Click on any of the links below to learn more about these celebrations and how you can be a part of them all March-long.

Stay safe, stay healthy!

Donor Tribute

“Daisy embraced her family with open arms and a generous heart. So it is only fitting that having lived to a graceful 95 years old, it was her desire to share
generously with medical professionals her body’s legacy. She hoped her body donation would offer the opportunity for scientists to explore and discover explanations to her longevity. Ultimately, allowing others to live life as she did – abundantly.”
